Techapalooza Offerings: (Select your First, Second, Third choice below in the column, by numbering them 1,2,3 as some choices may fill quickly).

Selection	Summer Camp	Description
	The Fabulous Fitness Fair! <hr/> July 11 - 15 12:15-2:30pm	Five days, five different ways to be fit! Students will actively experience cardio, strength, and flexibility training as well as learning the benefits of yoga, meditation, and eating healthy.
	Animal Adventurers! <hr/> July 11 - 15 12:15-2:30pm	Come and join the adventures of learning about the different career opportunities within animal science! One day you'll be bathing a dog, another piecing together a cow but then the next having cage fights between exotic wild animals... lions, tigers, bears...OH MY! The ice cream will be the "cherry on top!"
	Cos - tastic! (Hair,Nail, & Art) <hr/> July 18 - 22 12:15-2:30pm	Students will learn the basics of manicure procedures and nail art. They will also practice amazing braiding & up dos with shampooing and blow drying hair.
	Perfect your Pinhole Pictures! <hr/> July 18 - 22 12:15-2:30pm	This week-long camp will allow you to design, build and use your very own pinhole camera! We'll start with a simple box, make our own pinholes and eventually take and develop our own photographs! Students will learn about and apply photography concepts in order to take the perfect picture that they get to develop in our very own darkroom. Your camera is yours to keep, and you can take as many photographs as you'd like. Note: The development process must take place in a low-light environment. Dim red lights ("safelights") are used to illuminate the room, and students should be comfortable being in low light environments for up to ten minutes at a time.
	Cupcake Wars! <hr/> August 1 - 5 12:15-2:30pm	Students will enter a competition with their unique cupcake designs after being taught various decorating techniques!
